

## Todireni

**Șaru Dornei – Todireni (local road) – Dorna Arini – Șadu Dornei (regional road)**

**Approximate time:** 1 hour and 15 minutes

**Distance:** 11,5 km

**Altitude difference:** approx. 90 m

**Surface:** asphalt road/ concrete road, gravel road

**Difficulty level:** easy

**Problems:**

- Half of the trail overlaps with the regional road to Șaru Dornei, with high traffic

**Highlights:**

- An easy and relaxing route

The route starts in Șaru Dornei at the crossroads between Panaci to Neagra Șarului. From here we follow the travel direction towards Vatra Dornei. After about 1 km we turn left on a road that is asphalted in its first part, about 50 meters, then it becomes a gravel road once we cross the wooden bridge over Neagra River and turn right.

From here on, we just follow the road that goes parallel to the river in its flow direction, being careful to not get on the other roads that will take us to the households above the valley.

Not long after we will reach the main road and we turn right on the bridge crossing again Neagra River, and then right again at the gas station.

After a few kilometres on the concrete road we will reach the point where we started the route a couple of hours earlier.

Visit our website [eco-romania.ro](http://eco-romania.ro) to download its GPS track.

For a better orientation in the area, we recommend you to use “Țara Dornei” map, available in many locations from the destination, as well on the [online shop](#).
